

PhageBiotix™ GI

A bacteriophage-based nutraceutical ingredient for gut health

Who We Are

At **Intralytix**, we combine science and nature through bacteriophage technology to develop high-quality ingredients for overall health.

Our Solution

PhageBiotix™ GI is a dietary ingredient formulated with natural lytic bacteriophages. These phages help boost resilience against bacteria commonly associated with digestive discomfort and microbial imbalance.

PhageBiotix™ GI Integrations

Pre-, pro- and synbiotics to support gut microbiota and digestive health

Digestive-support nutrition for pets

Supplements designed to provide support during travel

What PhageBiotix™ GI Does

Non-GMO and 100% natural

Advanced digestive health support

Helps relieve bowel discomfort

Replenishes phages naturally in the GI tract

Reinforces the body's natural defense systems

Targets most common foodborne bacteria

When taken regularly, PhageBiotix™ GI supports beneficial bacteria

For daily gut support, check out FortiPhage™!

These claims have not been evaluated by the Food and Drug Administration. PhageBiotix™ GI is not intended to cure, prevent, diagnose, or treat any disease.
